

# SpectraTube 360

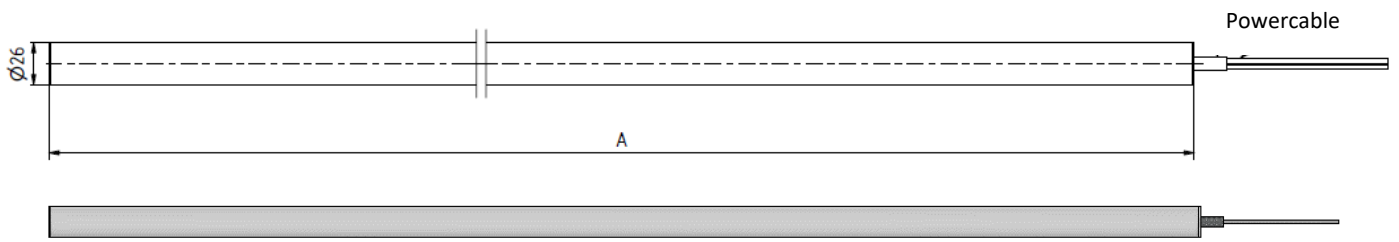

The SpectraTube 360 fascinates with its diffuse, all-round radiant LED light. The RGB color display impresses with a maximum of color nuances. With the right dimmer modules, stepless, flicker-free dimming is possible in the entire range from 0 to 100%. White Spectra Tube 360 versions are available in different color temperatures (2700K - 6000K). Standard lengths of 60cm, 100cm, 120cm, 150cm or special lengths from 7.5cm to 200cm can be made at any time according to your specifications. A wall/ceiling bracket and the option to suspend the SpectraTube360 with two ropes from above extend the range of applications.

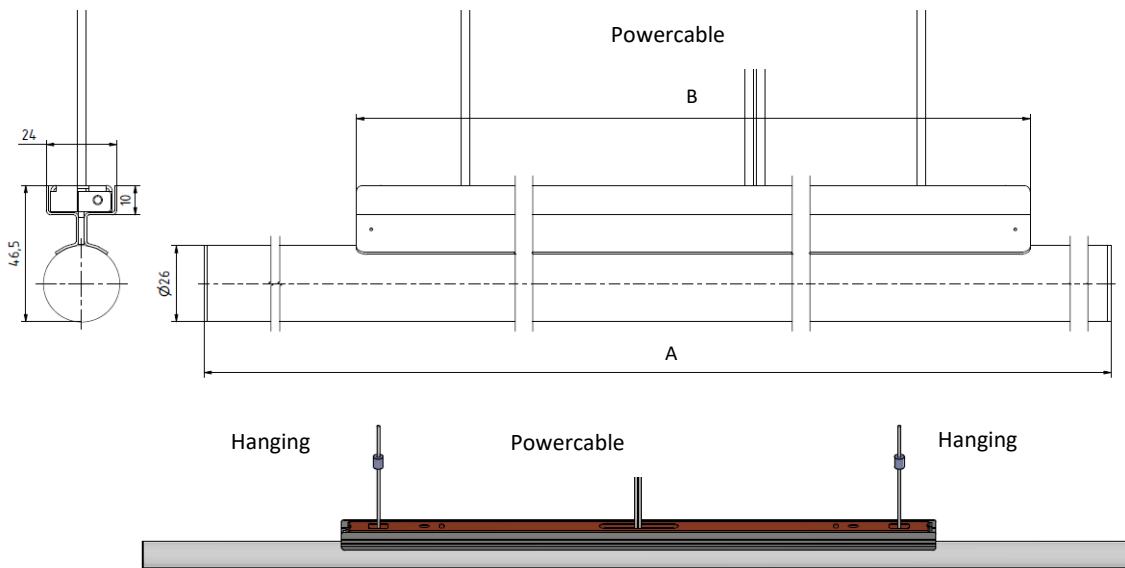

## technical specification

<b>Voltage input range</b>	24V DC
<b>LED power</b>	16W/m (weiß)   25W/m (RGB all on)
<b>Beam Angel</b>	360 Degree
<b>Colors</b>	2400K   2700K   3900K   5200K   6200K   RGB
<b>Weight</b>	0,7 Kg/m LED Pipe only (without Wallmount)
<b>Housing</b>	PMMA Clear   semi frosted   frosted
<b>Dimension</b>	Diameter 26mm   Length 60cm, 100cm, 120cm, 150cm Other length between 75mm and 200cm on request depending on LED Strip cutting possibilities
<b>Connections Power</b>	Cable open end
<b>Protection Class – IP20</b>	✓
<b>Operating temperature</b>	0°C to 50°C
<b>Conformity</b>	EN 55015, EN 61547, EN 61000-6-2 EN 61000-6-4, EN 61000-3-2, EN 61000-3-3
<b>Mount</b>	central with wallmount   without (Cable exit on one side of the pipe)

Cabeloutlet on one end, Length A 60, 100, 120, 150cm

Cabeloutlet centered, hanging Length A60/B30, A 100/B60, A120/B60, A150/B60 cm

Cabeloutlet centered, wallmount Length A60/B30, A 100/B60, A120/B60, A150/B60 cm
